Dr. Hudson Points Out Needs of Swimming Place in Annual Report.

Larger appropriations for the bathing beach in order that the institution may be opened May 30 and continue in operation until October 1 are recommended by Dr. W. B. Hudson, superintendent, in his annual report made public today. There being no funds for maintenance the beach was not opened this year until July 1. The season ended September 22. The attention of the Commissioners is directed to the fact that in the last five years only \$5,000 has been appropriated for the construction of swimming pools. In that time, it is stated, the attendance has increased 20 per cent, and the present plant has reached its capacity. To provide for the increase in attendance Dr. Hudson is of the opinion that there should be constructed a pool for the exclusive use of women and an additional pool for men and boys. The total number of bathers during the season was 35,337. Of these 3,000 were women. It is estimated that 50 per cent of the persons using the pools were adults. Approval is given by Dr. Hudson to the recommendation of E. S. Martin that swimming pools be installed in all the playgrounds. Dr. Hudson recommends also that the Commissioners endeavor to have Congress take such steps as will lead to the use of the tidal basin for swimming. The superintendent of public buildings and grounds and the Fine Arts Commission have recommended floating baths along the river front. Recommendation is made that authority be granted the guards to give swimming lessons for pay one hour before the opening of the pools in the morning. Dr. Hudson suggests that the name of the bathing beach be changed to Municipal swimming pools. The total receipts for the year, obtained from the rental of towels, suits, and private lockers was \$728.

SISTERS SEND \$1,000 TO AID LIFE-SAVERS

Checks Have Been Received From Them Annually Past Sixteen Years.

Two checks for \$500 each from two sisters in New York members of a prominent family were received today by Superintendent Sumner I. Kimball, of the Life Saving Service, for distribution at Christmas time to indigent former members of the service. For sixteen years similar checks have been received, always for the same amount and with the same understanding for their distribution. Men who are out of the service, off the rolls, disabled or in want, are remembered from this fund. Superintendent Kimball has always been the medium of its distribution. He knows the contributors well, but is under pledge to keep their identity secret under pain of having the annual checks stopped. Letters will be sent this afternoon to the superintendents of all life-saving districts asking them to give the names, addresses and circumstances of former members of the service who are disabled or in want. The distribution is always made at Christmastide. Last year it was distributed to 110 former members of the service.

Wickersham Assails "Bathtub Trust"

In the Department of Justice brief, filed in the Supreme Court in the "Bathtub trust" case, Attorney General Wickersham, declares that the license arrangement adopted by the "trust" is merely a "ruse poeina," a thimble rigging device, by which they expect to trick and bamboozle the public and the courts. "Behind the grinning mask of the license agreement is the common, vulgar type of monopoly, which many times has been condemned by this court, dangerous alike to individual liberty and the public well being," it was said by the court in the tobacco case.

MUNSEY HEARS NEWS ABOUT THE PRESS

Learns From Brooklyn He Is to Hire Colonel Roosevelt as an Editor.

NEW YORK, Oct. 8.—The Brooklyn Eagle yesterday published a rumor to the effect that Theodore Roosevelt will become an editor of the New York Press after November 4 in the event he does not become President of the United States. "Another interesting part of the rumor," the Eagle said, "is that the Press was bought by George W. Perkins and Oscar Straus, and that the name of Mr. Munsey was used as the owner in order to avoid complications."

Following this publication in the Eagle Mr. Munsey, answering inquiries from other newspapers, issued the following statement: "What you say to me about the rumor that Mr. Roosevelt is to become editor of the New York Press after November 4 is the first intimation I have had on the subject. I have never discussed this idea with Mr. Roosevelt, neither has he discussed it with me, neither has it ever been discussed or thought of by anybody, to my knowledge. It goes without saying that if Colonel Roosevelt is not elected President, I do not mind saying in this connection that the salary that has already been fixed upon in Park Row, \$30,000 a year, wouldn't stand in the way. Indeed, I think I could make money in my publishing business on Mr. Roosevelt at a salary of a hundred thousand dollars a year. I am sorry to disappoint Park Row in being compelled to say that Mr. George W. Perkins and Mr. Oscar Straus had nothing to do with the purchase of the New York Press, and that no other man anywhere had anything to do with the purchase of any of my publishing properties, nor has any man anywhere any hold on my publishing properties, newspapers or magazines. They are quite independent of Wall Street, quite independent of politics, quite independent of banks and bankers, and of everyone else. They are my own properties, to conduct as seems to me wise and to the best interests of the community."

Three Suicides in One Family During Last Two Years

Tinner Swallows Acid After Two Sisters Had Ended Their Lives.

The suicide of William H. Wallace, a tinner, twenty-nine years old, is the third which has occurred in his immediate family in less than two years. During that time, the police say, two of Wallace's sisters, who were employed as waitresses in local cafes, ended their lives. Wallace killed himself at Fifth and K streets northwest, by drinking a quantity of carbolic acid yesterday afternoon. Pedestrians saw the man place the pill to his lips and drink the contents. A moment later he sank to the sidewalk. An ambulance was called and Wallace was taken to the Emergency Hospital where he died within a few minutes. In the pocket of Wallace's coat the police found a note which read: "My mother lives at 112 Ninth street southeast. The cotter gave a certificate of suicide."

C. P. Bryan May Retire From Ambassadorship

The retirement of Charles Page Bryan from the American ambassadorship at Tokyo is rumored as a result of his unexpected departure from his post just before the outbreak of the Russo-Japanese war. The former is returning to the United States via the Trans-Siberian railroad, and there is much speculation as to the reason why he did not come home with the Secretary on the battleship Maryland.

No plans of Mr. Bryan are known at the State Department, and the information is forthcoming here as to the question of his retirement.
